

**Expectations for Credentialed Leaders Regarding
Healthy Boundaries Training
Central District Conference Ministerial Committee
Approved September 21, 2018**

Background:

Credentialed clergy throughout MC USA are responsible for participating in a Healthy Boundaries Training. This training identifies the complexity of the relationships we have in our ministries and provides essential understandings and practical ways to manage these relational and ethical boundaries with integrity and faithfulness. Ultimately, the goal is to enhance our ministries through tending to appropriate, safe and healthy boundaries.

A Shared Understanding of Ministerial Leadership provides the theological and biblical foundation for how Mennonite Church USA and Central District Conference understand credentialed leadership in the church. Specifically, it states,

The congregation and the person ordained enter a covenant of a mutual accountability, support, respect and care. The person covenants to live a life that has moral integrity, to be a faithful steward of the gospel, to lead with humility, to respect others, and to grow in ministry. The congregation covenants to pray for the ordained person, to give and receive counsel, to support the person's leadership ministry, and to recognize the authority of the office into which the pastor has been ordained. (p.20)

The Ministerial Committee of the Central District Conference has identified *Healthy Boundaries Training* as an essential training for all credentialed leaders actively serving in ministry. *Healthy Boundaries Training* provides tools, practices and examples for how “accountability, support, respect and care” can be authentically lived out as ministering individuals.

Expectations:

It is the expectation of the CDC Ministerial Committee that all credentialed leaders actively serving in ministry receive *Healthy Boundaries Training*.

1. All newly credentialed leaders will complete *Healthy Boundaries Training* within one year of their credential date (licensed or ordained).
2. After an initial *Healthy Boundaries Training* course, all credentialed leaders will complete a refresher course within three years of their initial training and every three years thereafter.
3. Should a credentialed leader be unable to complete the above training expectations within the timeframe given, the credentialed leader may request an extension of no more than one year in order to complete the training.
4. Should a credentialed leader not complete the training expectations outlined above, their credential shall be considered suspended for up to one additional year. At the end of that year, if the credentialed leader has not completed the training, their license shall be terminated. Credentialed leaders are aware that such termination of their credential may have employment consequences as well.

Definitions:

Actively Serving- A credentialed leader is considered “actively serving” in ministry if they are currently providing leadership (paid or volunteer) in a church or other organization that either requires a credential for their position or if the ministering person expects to utilize the privileges of their credential to serve their community. (Example: A chaplain may not be required by their employer to hold a credential for their continued employment but the chaplain wishes to maintain their credential as active and considers their place of employment as their place of ministry.)

Credentialed- As defined on pages 43-44 of *A Shared Understanding of Ministerial Leadership*

Credential Date- The date of the public credentialing service in which the credentialed leader was licensed or ordained.

Healthy Boundaries Training- This is the specific name for a training offered by *Faith Trust Institute*. CDC relies on several individuals who have been trained by *Faith Trust Institute* to provide training to credentialed leaders. The *Healthy Boundaries 101- Fundamental's* course provides the basic guidelines and expectations by which other trainings will be considered as fulfilling the requirement. A *Request for Recognition of Alternative Training for Healthy Boundaries* form is available to credentialed leaders who would like the ministerial committee to consider other trainings as sufficient for this requirement. *Healthy Boundaries Training 101* will address the following primary topics:

- Christian Biblical and Theological Foundations for Maintaining Boundaries
- Boundary Basics for Clergy and Spiritual Teachers
- Dating, Friendships, and Dual Relationships
- The Pulpit, Transference, Hugging and Touch, Intimacy
- Preserving Boundaries: Personal and Professional Health
- Understanding Cultural Differences Related to Boundaries

Refresher Course- This can include participation in at least three hours of the *Healthy Boundaries 101* course, participation in *Healthy Boundaries 201*, or other continuing education of at least three hours that addresses the primary topics identified above.
