

Annual Clergy Review Central District Conference

The CDC Ministerial Committee requires all CDC clergy to complete and sign this form on an annual basis so that we can review the ways CDC clergy remain connected to CDC and MCUSA as well as understand more about how CDC clergy participate in their ongoing faith and professional development. Also enclosed is a copy of the *Code of Ethics* which you previously signed. Please read through this again as a reminder of some of the commitments you have made in your ministry. By returning this Clergy Review Form you acknowledge your continued commitment to this Code of Ethics. You do not have to return the Code of Ethics form if you have signed it previously.

You may also complete the form online at <https://mcusacdc.org/resources/pastor-resources/annual-clergy-review/>
